# COMFORT-2 ECO THERAPY CHAIR

## WITH EXCHANGEABLE UPHOLSTERY

### Electronic adjustments

Multiple independent adjustment possibilities by 2 motors offer patient comfort, plus a reduction in work for staff.

- Backrest
- Legrest

### Manual adjustment

- Footrest

### Tilt-up armrest

The solid upholstered armrest with height adjustment makes it possible to achieve the most suitable and restful arm position for any physique.

The multilayered soft armrest cushion is completely sealed against liquids and ensures improved patient comfort.

Optionally the distance between the armrests can be adjusted to 48 or 60 cm.

### Exchangeable upholstery

Can be removed easily with a few movements for cleaning or maintenance. It has been designed according to the latest development in orthopaedics and ergonomics.

Blood resistant artificial leather, which is resistant to disinfectants, blood and urine.

### Entry position

Adjustability of the Tilt-up armrest allows the patient to easily enter or leave the chair

### Trendelenburg position

Backrest adjusting range ensures that the patient's head is lower than the circulatory centre point of the body

\* Chairs in the photo involve some optional elements

### Easy-to-use 11 buttons handset

Automatic buttons

- One button operation for "Entry", "Bed" and "Trendelenburg" position

- The head-down position can be reached easily from any previous one by using the red button.
- Especially designed for medical applications

- Long-life micro-switches are located under an exchangeable keypad foil
- IP 67 Waterproof housing

Foil Art. No. 34643156
